### TESTIMONIAL

"It has been an incredible journey since I left Communist Poland with \$20 in my pocket. We first started Syrena in 1976, growing from our small shop into the two large facilities we have today, and I am thrilled that this road has led us to the Crash Champions family. We strive to give our customers peace of mind and complete satisfaction with their repair experience, and I know this will continue to be the top priority under Crash Champions' ownership going forward. I also want to thank FOCUS Investment Banking for their clear communication, tireless efforts, and calm during this consuming process."
